Description: About this photo, George Bedigan wrote: "I have enclosed scan of my fathers (Jean Bedigian) discharge papers from SS Norembega. The picture in question looks to be more circa 1920 than 1902. I say that after examining the gentleman with the suit and tie. If Jean Bedigian is in the photo it would be the fourth crew member from the left. I do not have a photo of him at that time but a photo of one of his sons (attached .. soldier on the right) has a likeness. Also he was not a tall man approx. 5 7. Jeans mother (Zois) and sister(Maria who married an American soldier) emigrated to the US after the first world

war and may have settled in the area."

Columbus Day at the Old Center Meeting House - Wednesday, October 12, 1892

Title: Columbus Day at the Old Center Meeting House - Wednesday, October 12, 1892
Type: Image, Photograph
Subject: Events
People
Description: The 400th anniversary of Columbus' landing in America inspired the

first official Columbus Day holiday in the United States. President Benjamin Harrison issued a proclamation in 1892, recommending to the people the observance in all their localities of the 400th anniversary of the discovery of America and describing Columbus as the pioneer of progress and enlightenment. On the four hundredth anniversary teachers, preachers, poets and politicians used Columbus Day rituals to teach ideals of patriotism. These patriotic rituals were framed around themes such as support for war, citizenship boundaries, the importance of loyalty to the nation, and celebrating social progress. Columbus Day first became an official state holiday in Colorado in 1906, and became a federal holiday in 1937.

Celebrants in this photograph of the 1892 anniversary are dressed in their best wool and satin. Many of the children are holding flags and several of them sport berets made of starred fabric. One young woman holds a violin.

Description: "From high on Freeman's Hill, one can view the development on Clark Point, an area once owned by the island's first minister, Ebinazer Eaton. Deacon Clark's hostelry and the William Underwood & Company spurred development on this point. Many of the residences belong to Clark family members. Storekeepers and tradesmen drawn to the area for work were settling here as well. Far off in the distance, the towers of Robert Kaighn's elaborate 1892 summer cottage signal the beginnings of the summer colony." - Mount Desert Island - Somesville, Southwest Harbor, and Northeast Harbor by Earle G. Fleet of Offshore Fishing Schooners - The Mackerel Fleet in Southwest Harbor, Maine

Title: Fleet of Offshore Fishing Schooners - The Mackerel Fleet in Southwest Harbor, Maine
Type: Image, Photograph
Subject: Places, Harbor

Description: The view is from the Pemetic Hotel (The Castle) and, on the Southwest Harbor side, shows the Clarence Clark (Ellsbert/Heilaka) house left foreground.

The long roofed building in the center, next to the harbor, a bowling alley after World War II - currently the Hamilton Marine building.

The building on the right with the striped roof is the firm of Clark & Parker/Manset Marine Supply Co./ and the Oceanarium since 1979. The Oceanarium is the oldest commercial building on Clark Point - the only one extant except the Clarence Clark House.

The Manset shore is in the background with discernible landmarks, including the Manset Union Church, the Stanley wharf, the early

Stanley House and numerous commercial buildings on the Shore Road. There are about 30 schooners visible in the harbor and tied up at the wharves.

Type: Image, Photograph
Subject: Businesses, Boatbuilding Business
Description: According to Nick Voulgaris, author of "Hinckley Yachts: An American Icon" published by Rizzoli in 2014, page 32, "this is one of the earliest photographs of a Hinckley using the now iconic Talaria logo on its hulls (seen on the boat to the far right)."

Talaria
Noun: (In Roman mythology) winged sandals as worn by certain gods and goddesses, especially Mercury.
Origin: Latin, neuter plural of talaris, from talus "ankle" - talaria, Oxford Dictionaries, 2014, Accessed online 09/06/2014; http://www.oxforddictionaries.com/definition/english/talaria

The best known image of Mercury wearing talaria is Winged Mercury, one of four sculptures done by Gian Bologna, born as Jean Boulogne (1529-1608), the most famous of which is in the Bargello National Museum in Florence, Italy.

The Henry R. Hinckley Company - as Manset Boat Yard - Coast Guard Boats on the Old Shore

Identifier:	12517
Title:	The Henry R. Hinckley Company - as Manset Boat Yard - Coast Guard Boats on the Old Shore
Type:	Image, Photograph
Subject:	Vessels, Boat Businesses, Boatbuilding Business
Description:	This photograph was taken before the Manset shore was filled in. According to Ralph Warren Stanley (1929-2021), the White boat hauled up on shore in front of the William Spurling Newman house at 102 Shore Road, Map 17 Lot 100 was probably built by Leslie Les M. Rice (1883-1966) on Great Cranberry Island for William Uncle Jimmy Doane Stanley (1855-1950). She was built as a double ender. Someone bought her and put a square stern on her. Work was slow at Hinckleys for awhile so Bill Dunham (Wilfred Manson Dunham (1918-2001) and Lewis Tapley (Lewis Merton Tapley (1916-1985) bought her and went fishing, though not for long. Work picked up at the Hinckley yard soon afterward. The vessel was then bought by Abner W. Lunt (1908-1975), then she was bought by Luther C. Faulkingham (1901-1993) of Prospect Harbor, where she was the last time Ralph saw her. The wharf building with the false front was the building that Francis Frank Thompson Chalmers Sr. (1893-1985), F. Dwight Perkins (1902-1981) and Merton S. Alley (1904-1985) had a car dealership in. Almon Frank Ramsdell Srs (1873-1946) garage was there later. Hinckley may have owned the building when this picture was taken. James Jim M. Willis (1919-2006) later ran The Boathouse there. Two Men at J.C. Ralph's Studio & Post Office

Title: Two Men at J.C. Ralph's Studio & Post Office
Type: Image, Photograph
Subject: Places, Town
Structures, Commercial, Store
Description: There are several street lamps visible in the photograph - the one on the right is different from the others. The lamp post on the left is at the corner of Clark Point Road. The building with the overhang beyond it is the Odd Fellows building.

The building on the right is J.C. Ralph's Studio - Optician and Jeweler - and the Post Office. A man is standing in the door of the Post Office and a man standing in front of Ralph's Studio. The photograph was taken soon after John Ralph moved his store and expanded it.

In 1897, the different societies in the village combined to raise funds for street lights. The lamps were bought and placed near those houses whose owners were willing to furnish the kerosene and keep the lamps trimmed and lighted. These lamps did duty until the installation of electricity in the summer of 1917. - Traditions and Records of Southwest Harbor and Somesville, Mount Desert Island, Maine by Mrs. Seth S. Thornton, 1938, p. 124.

Title: Students at the Southwest Harbor School with Teacher

Type: Image, Photograph

Subject: People

Organizations, School Institution

Description: While the photograph is old and in disrepair, up close the desks and chairs can be seen to shine indicating that, if not new, they were at least kept very clean. The side wall on the left of this old school was constructed of boards tightly nailed together. The back wall was painted brick. The drawings of children with pinafores, pinned to the left wall, were done by the children and in crayon. We know that the photograph was taken in October from the owls and black cats and autumn leaf décor, still universally used in school rooms around Halloween.

Interior Panorama of 1932 Criterion Theatre

Identifier: 15210
Title: Interior Panorama of 1932 Criterion Theatre
Type: Image, Photograph, Digital Photograph
Subject: Businesses, Theater Business
Description: George Soules photographed the interior of the Criterion from the balcony with a Canon 5D Mark III DSLR and a Canon 24mm tilt/shift lens using available light, which there was little of. To the naked eye, the space does not look nearly this bright.

The first image (angle view) is a four-slice panorama with a 140° field of view. It is a composite of 12 different frames. The second image (straight-on view) is a six-slice panorama with a 190° field of view. It is a composite of 18 different frames. Both images were shot at f/8, ISO 400, with three different exposures for each slice. Exposures ranged from 10 seconds for the main room to 1/25th second for the chandelier.

Panorama of Southwest Harbor in Winter

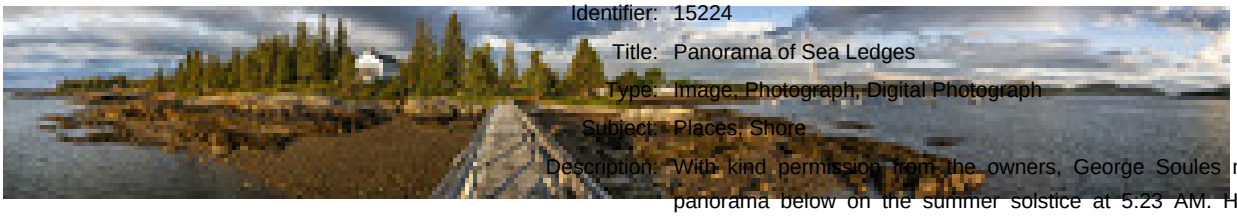

Identifier: 15222
Title: Panorama of Southwest Harbor in Winter
Type: Image, Photograph, Digital Photograph
Subject: Places, Town
Description: "I captured this scene from the end of the Manset Town dock. Though the view appears very wide, it's only about 90° from end to end. It seems wider because I shot it with a 200mm lens to get the detail along the shore with minimal water and sky. I stitched the panorama from 17 separate images taken left to right, each frame rotated 5° to the right of the previous one.

Yesterday I saw this same scene while driving around to take the pictures posted here, but when I arrived at this spot the sun was too high and I didn't have my tripod with me. This morning I got up before dawn and set up my tripod on the snow-covered dock at 6:15 AM. Then I waited in the bitter cold for the sun to rise. Fresh snow that fell

last night made the scene even better than it was yesterday. Sometimes it just works out that way. " -- George Soules

Freeman Grammar Students - 5th and 6th Grade

Type: Image, Photograph, Photographic Print
Subject: People
Organizations, School Institution
Description: "This is a picture of the 5th and 6th graders at the Freeman Grammar School taken in 1916. It appears to be a special occasion with the flowers on the desk and the students all looking so serious as their photograph is being taken. This room is located upstairs at Harbor House on the side of the building next to the Lawrence S. Robinson Co.

I attended the 4th and 5th grades in that room. It was sunnier than the rooms on the north side of the building, so when my fourth grade teacher, Gladys Whitmore, retired the fifth grade teacher, Bertha Reed, seized the opportunity to move the fifth grade across the hall. I recall feeling a bit disappointed at first that I would not get to be in a different room in the fifth grade, but as I like lots of sun, I think overall I lucked out after all." - Meredith Hutchins 01/24/2012
