Title: Panorama of Southwest Harbor in Winter

Type: Image, Photograph, Digital Photograph

Subject: Places, Town

Description: "I captured this scene from the end of the Manset Town dock. Though the view appears very wide, it's only about 90° from end to end. It seems wider because I shot it with a 200mm lens to get the detail along the shore with minimal water and sky. I stitched the panorama from 17 separate images taken left to right, each frame rotated 5° to the right of the previous one.

Yesterday I saw this same scene while driving around to take the pictures posted here, but when I arrived at this spot the sun was too high and I didn't have my tripod with me. This morning I got up before dawn and set up my tripod on the snow-covered dock at 6:15 AM. Then I waited in the bitter cold for the sun to rise. Fresh snow that fell last night made the scene even better than it was yesterday. Sometimes it just works out that way. " -- George Soules
